

Fletcher Porter

Monrovia, CA • 626-321-6687 • fp@suitbots.com • <http://fletcherporter.com> • Class of 2019

Employment

NASA Jet Propulsion Laboratory (Robotics Intern) — Summer 2014

- Researched cam-based robotic manipulator for use on a **DARPA** robot
- Designed ventilation system for the in-lab laser cutter
- Conducted experiments to learn the behavior of **gecko adhesive pads** after many cycles
- Aided in design of stewart platform for use in zero-g testing

UCSB Robotics Laboratory (Undergraduate Researcher) — 2015–Present

- Designing feet with gecko adhesive pads for legged robots
- Designing roller skates to increase locomotive speed of RoboSimian project

Activities

FIRST Robotics, Suit Bots 4628 (Mentor) — 2011–Present

- Team member, 2011–2015; Team Captain 2015; Business Manager 2014
- Led design of competition robot
- Wrote autonomous programs using encoders and line detection to improve repeatability
- Managed finances and fundraised \$4,000 for the team
- Designed and tested a mount to attach phones to robots, DFM for CNC and injection moulding

Monrovia High School Band (Treasurer) — 2011–2015

- French horn section leader, 2 1/2 years
- Marched in the **National Memorial Day Parade** in Washington, D.C.
- Played 2nd Horn at **Carnegie Hall**
- 1st Horn in Pasadena Youth Symphony Orchestra Philharmonic
- Study trumpet privately with **Nolan Shaheed**

Education

University of California, Santa Barbara, expected graduation 2019

- Majoring in Mechanical Engineering
- Wrote Wikipedia Article for JPL/Caltech Optical PAYload for Lasercomm Science Mission

Skills and Interests

- 3-D Modeling with SolidWorks
- DFM for 3-D printint, laser cutting, CNC, and injection moulding
- C, Python, Matlab, \LaTeX , proficient
- CPR Pro and Wilderness First Aid certified

Awards

- FIRST: Think Award, Inspire Award, Finalist Alliance, Gracious Professionalism Award (x4)
- Louis Armstrong Award
- Eagle Scout Rank, Boy Scouts of America
- Monrovia High School Math and Science Academy Graduate
